

Lathe Tool Sharpening Class

Instructors: Jack Dohallow

Overview: Use shops Oneway and Raptor set up gauges to obtain consistent and repeatable grinds on your tools

Raptor setup tools eliminate the confusion and frustration associated with today's popular sharpening systems. Learn consistent, repeatable results every time you sharpen. Increase the life of your tools.

Prerequisite: Must watch the videos before the class:

[Using Raptor Setup Tools \(Woodturning How-to\) - YouTube](#)

Enrollment: Limited to three per class

Schedule. One session – approximate 2 - 3 hours on each monthly @ club sharpening station

Student Materials to Bring to Class: Each student will need to bring up to 6 of their own tools to sharpen

Fee: \$15
